

PERFORMANCE THROUGH INNOVATION

Drive Chain Series

GT4 Winner

- Unique Lube Groove Bush
- Longer Wear Life - Lower CO₂ Emission
- High Transmission Capacity
- Easy Disassembly
- Accuracy of Chain Length Tolerance

Lube Free Series

LAMBDA Chain

- Absolutely no Lubrication Required
- Longer Wear Life
- Clean Handling & Running
- Higher Production Output & Reduced Maintenance
- ANSI LAMBDA KF Series now available (usable at high temperatures up to 230°C and suitable for food product applications)

Corrosion Resistant Series

Engineering Plastic Chain

- Lube Free Operation
- Cleaner & Quieter Operation
- Easy Maintenance
- Alternative to Stainless Steel Chain

Corrosion Protected Series

N.E.P. Chain

- Innovative Surface Treatment
- Superior Corrosion Resistance
- Environmentally Friendly

Mechanical Components

Cam Clutches (Freewheel)

- Full European Range
- For Indexing, Backstopping & Over-running Applications
- From as low as 6 Nm up to 686.000 Nm Torque Capacity
- Available from Stock

Industry Specific

TSUBAKI's product range and service capabilities are amongst the best in the business, from standard attachments through to specific industry applications. For example: **Gripper chain** - for form, fill & vacuum seal wrapping industry.

Specialist attachments and specific matched length tolerance chains are available to meet your production schedules.

LEADING PRODUCTS AND EXCELLENT SERVICE

At TSUBAKI we know that customers want the best and we are aware that every one of our customers has unique requirements. Therefore we take pride in our ability to deliver an extensive product line-up that satisfies these high expectations. Innovative products that contribute to improved production efficiency, reduced downtime and improved maintenance.

TSUBAKI, as the leading global manufacturer of power transmission products, is committed to help improve the environment by eliminating the use of hazardous materials such as Chromium through to reducing the impact on our world as a result of the effects of CO₂ emissions. With an eye on these future trends, we are committed to take on the challenge of technical innovation.

NEW CATALOGUE LINE UP

To meet the requirements of our original equipment and MRO customers Tsubakimoto Europe has developed a range of catalogues to make product selection a simple exercise. Each of these catalogues represents products available from stock, with short European deliveries or custom made on accurate lead times from our head quarters in Japan.

Drive chain
The whole spectrum
of BS/DIN & ANSI
drive chains

Attachment chain
Carbon Steel, Lube Free,
through to Corrosion
Resistant chains

Custom Made chain
Custom Made chain offering
a solution for almost any
industrial application
